## Recessed Contacts

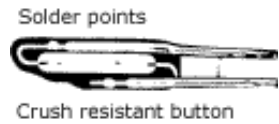

### STB-10 3/8" x 3/4" - Stubby Type

- The "Stubby" recess is ideal for those who do not need to spend extra money on the Mini Recess.
- Mini Mag available for tight fits.
- .70 - .80 standard gap
- 12" leads std. Longer leads available.

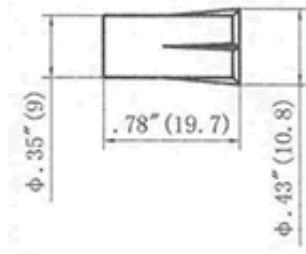

### Crush Resistant and Sensitive

Tane uses a sensitive long leaved - no stick Rhodium reed to attract the magnetic field. This is protected by a crush resistant plastic housing.
